OUR STORY

Amulya 800 Laminate are an all new offering from the Purbanchal Laminates Pvt. Ltd. In this new offering of laminate collection we have come up with 10 new designs in wood grain vertical, 2 in wood grain horizontal, 1 in stone & marble and 6 new solid color designs. We have also introduced 4 designs in Digital collection. Overall we have introduced 23 new designs and 8 new texture finishes to give our customers designs that are trending in the market.

Amulya Group started two decades back in 1998 and has become a preferred brand of choice for interior products. The company has grown from strength to strength and having begun its operations from one product today has evolved into multi product company offering High Pressure Decorative Laminates, Plywood, PVC & WPC Panels & Doors, PVC Laminates, Blockboards, Flush doors, PVC Door Frame, Cladding for external laminates, etc.

Organization is head quartered in the industrial progressive state of Gujarat at Gandhidham, a port town. Company's manufacturing operations have state of art manufacturing set-up spread over 1.5 million square feet area which is also supported with warehouses in different zones of the country. We feel proud that we have crossed the milestone of producing 5 crore laminates and we take it as a testament that we manufacture quality product and our customers love it.

Amulya Group is known for its innovation and wide range of products because the organization keeps in sync with international trend through a team of professional Architect, Interior Designer and Product development and hence offers its customers the latest trend. From raw material to finished product, the product passes through stringent quality checks at every stage thus ensuring its customers the best product.

With sustainability a global concern, Amulya Mica Group makes it a priority to offer its consumers a full range of environmentally friendly products. The group strives to create innovative products that promote a healthier environment. Company is conscious its obligation towards the environment and ensures zero emission and actively supports tree plantation drive by planting 100,000 trees spread over the period. In addition, solar power is used in manufacturing and plans to add wind energy as source of power in its plants.

Company has Green Guard Certification from USA, this is a certification that a product has met some of the world's most rigorous and comprehensive standards for low emissions of volatile organic compound (VOCs) into Indoor Air.

The Company has achieved Singapore Green Label certification for our product as "Environmentally improved Low Emission Low Toxicity" from Singapore Environment Council. Amulya Group has received multiple awards and accolades from various Governments as well as private bodies and has earned a star export house status from Ministry of Commerce.
