Sh. Vinod Goel established the TCS group in 1984, starting by simply trading in plywood in the Delhi/NCR region. Trend PVC is a TCS group family-owned and operated manufacturing company dedicated to providing innovative surfaces for the, industrial, hospitality, and retail businesses. Trend is a pioneer in the field of architectural materials, and we are well-known throughout the country for producing high-quality external louvers, PVC laminates, HD Acrylic Laminates, and charcoal panels. Trend's primary focus is product development, which combines high-quality production technology with intelligent solutions for architectural and industrial surface applications. We, at Trend, are passionate about creating innovative, aesthetically beautiful, and high-performance solutions for a wide range of purposes, due to unique insights into significant market issues, developments, and expectations. Our vision is to deliver exceptional design solutions and excellent customer service, as well as to develop long-term relationships, through our commitment to steady improvement and our sound business principles.

All-Weather Resistant

Treated with a special coating on the surface, Trend's 1mm laminates can resist any type of weather. The adhesives used are resistant to high temperatures and moisture, so you can rest assured that your laminates will stay as new for many years to come.

TEXTURE

We pioneered breakthrough methods to generate sophisticated textured laminate surfaces that also increase the tactile experience as well. These textures distinguish us, make neutrals more intriguing and unique, and make wood grains look more authentic and less like polished laminate.
